As the season comes to a close, and we watch spring bloom, it hardly seems possible that it is time to close up for the year. LBVR had a wonderful season with the swap meet, fall workshop, ride-in, helping our friends at High Cliff, & the snowmobile safety course for the youth, being active in the Cap/Step Legislation meetings, sharing sled stories, and having a awesome Vintage show this year. It is a fact, I have now experienced, it's all about fun and fellowship. It doesn't matter is you have an old sled or a newer one, it a great time all the same.

Thanks for Another Great Year Vintage Members!
